Course # 39438 - This course serves as the core of the Accredited Buyer's Representative (ABR®) designation program. It is the benchmark of excellence in buyer representation. The goal of this course is to set the foundation of training, skills, and resources to help real estate professionals succeed in the marketplace as buyer's representatives. This course is a fundamental resource for understanding the duties that REALTORS® owe to clients, customers, the public, and fellow REALTORS® as outlined in the NAR Code of Ethics and Standards of Practice. In each course module you will examine a different topic; together they create a comprehensive guide to help you become an effective, efficient and profitable buyer's representative.
